In the vicinity of Poreč, just 6 km from the city and 3 km from the sea, we are selling apartments in a modern building that will feature a total of 24 apartments currently under construction. The location is excellent for a comfortable life or vacation in a peaceful environment, and the building has been designed according to contemporary construction and comfort standards.

The building consists of four entrances and even has four elevators. The structure is reinforced concrete, earthquake-resistant, and the latest formwork has been used for precise execution of walls and ceilings. The exterior facade will have a stylish appearance, with 18 cm thick stone wool thermal insulation.

The apartments will be equipped with triple-glazed windows, electric blinds, and insect screens. Each apartment is planned to have electric underfloor heating with thermostats in every room, as well as air conditioning in all rooms. Each apartment will have a video intercom, and the completion of construction is scheduled

for the summer of 2026.
